September 2022

HPK COMMITTEES

The **Hospitality Committee** helps with monthly teacher treats.

Would you be interested in being the **CHAIRPERSON?** 😊

The **Special Events Committee** helps with the fundraisers, Family Fun Night (Sept. 27th), End of the Year Fun Day.

Would you be interested in being the **CHAIRPERSON?** 😊

Give Mrs. Prosser a call if you are interested!

THANK YOU to all who signed up for the various committees!

Have 30 Free Minutes once a month?

volunteer once a month on a given day for 30 minutes. Extra eyes and ears on the playground is always helpful! If you see you can help out one day, please just show up and we will direct you where to go.

Scholastic Book Clubs

At the

beginning of each month you will receive a Scholastic Book Clubs order form. If you wish to place an order, please make checks payable to **Scholastic Book Clubs** and send in with your order form by the 2nd Friday of each month. HPK receives bonus points from each order that allows us to receive classroom books and books for our library. You may order online also and use our code FPL47.

Living in SC we can sometimes have all 4 seasons at one time, and there's a good chance you will need to *FAN* yourself from the heat or the nats! We want you all to know that we are our HPK families biggest FANS because you allow us to teach, care and love your children! Please keep this FAN close by to remind you of the important events that will take place this year at HPK.

We will have a **FAMILY FUN NIGHT** (drop in) on **TUESDAY, SEPTEMBER 27th** from **6:00pm-7:00pm!** Come enjoy the **BOOK FAIR**, a heavy snack and see all the wonderful things your little one is doing, let them show you around their classroom & introduce you to some of their friends.

As always, if questions should arise, please don't hesitate to give me a call!!

Beth Prosser

A Note from Highland Park UMC....

The primary place that children learn and grow is at home. The church is here to help parents and others raise their children, so they grow strong. As this year progresses, we invite you to join with us in all of the ministries for children and parents at Highland Park. In addition to HPK, we have Sunday school, Kidz Quest, Children's Mission Days, Worship, and U-Nite Wednesday Nights; dinner @ 5:30 and program from 6:15-7:30, including music!

Amanda Heshbach, our Director of Children's Ministries, is here to help you as parents bring up your children in the knowledge of Jesus Christ.

Bible Verse

"Finally, let the mighty strength of the Lord make you strong."

Ephesians 6:10-18

FAMILY FUN NIGHT

join us on

Tuesday, September 27th

6:00pm-7:00pm

Book Fair, Heavy Refreshments,

Special Area FUN!

Hola!! After "dos" days with Professor Torres, the children are settling in to learning new words and counting in SPANISH!

MUSIC class has started off with a nice rhythm! Children will be singing songs like "In The Beginning", "B-I-B-L-E" and "Its Good Morning Time".

We've purchased fun new equipment to help the children learn to balance, catch and kick during PE!

Who doesn't love Playdough!! Mixing colors to make your own is the most fun! ART is all about using things we know to bring a beautiful picture to life and our HPK kiddos will certainly learn just that!

Chapel News

During the month of September we will learn about the *Armor Of God* through stories and songs. Look for pictures to come of some cute little models wearing the "helmet of salvation", "the belt of truth" and the "breastplate of righteousness"!

Grade Level Happenings

All our HPK friends will be getting use to school again and all that comes along with it! Learning how to work as a class, going from class to recess to chapel to special areas and then to carline to go home! However, in the midst of all that, there are many important skills to be learned. For example:

3K will be focusing on letter, number and color recognition beginning with the letters A, B, C, D, E, and F and the numbers 0 and 1 along with the colors gray and red. They will also be enjoying a teddy bear hunt on Teddy Bear Day!

4K will be enjoying Fall themes like Apples, Trees & Leaves and reading lots of books, learning about story characters and the parts of a book.

5K will be working daily on sight words, phonics & letter sounds and identifying upper/lower case letters. In math they will be sorting different kinds of items and working on positional words.
